Half a century ago the Illinois Central railroad's switching crew in Dixon posed for the above picture, the photo showing, left to right, Engineer "Hank" Davis, Switchman Hugh McIntyre, Fireman George Reiger and Switchman "Buck" O'Malia. Robert Seyfer, who took the picture, The Telegraph learns: "I was in the service of the Illinois Central railroad company as night telegrapher at Dixon from Oct. 29, 1892 to June 4, 1893. L. Backus was the agent there and Miss Anna Mead was the day telegrapher. I had many friends in Dixon and have often wondered if any of them remember me. Many pleasant memories surround my stay in Dixon. I have enjoyed many a meal at the old Nachusa House. That was the popular hotel at Dixon at that time. I have been out on the lake above the dam many times, and have been trying to locate a picture taken on one trip on the lake but do not seem to find it at the moment. I imagine I would not be able to find my way around there now since that was 50 years ago and many changes have taken place."

All New Building Is Prohibited by WPB Edict Wednesday Eve

Order, Effective at Once, Binding on Supplies, Builders, Owners

Washington, April 9.—(AP)—A drastic government order blocking virtually all new construction work, private and public, except for the war effort, went into effect today.

The War Production Board's order, issued yesterday, prohibited any residential construction other than maintenance and repair work if the cost was \$500 or more, forbade any new agricultural construction of \$1,000 or more, and specified that no other types of construction—commercial, industrial, recreational, institutional, highway or utilities, whether publicly or privately financed—could be started if the cost was more than \$5,000.

The only exceptions were in cases where specific government permission might be granted.

Further, said WPB, projects now under construction are being examined individually, and may be stopped "if the scarce materials to be used in them can be put to more effective use in the war program."

WPB Chairman Donald M. Nelson said the action would virtually "suspend the civilian construction industry" for the duration. The labor department estimated previously that non-defense construction would amount to \$3,650,000,000 this year.

Limits Apply for Year

The \$500 limit on residential construction applies to a full year; that is, an owner may not spend \$500 on a dwelling and later make another \$500 outlay on the same building. Similar restrictions apply to farm and other construction maximums.

The order did not change existing regulations permitting construction of residences, costing up to \$6,000, in defense housing critical areas, designated as such by the government.

The board said the purpose of the order was to allocate steel, copper, iron and other scarce materials away from unnecessary construction and into fighting material and needed defense housing.

Use of rubber covers or rubber packing rings in containers for sealing more than 40 groups of products, including coffee, tea, tobacco, candy, spices and various sauces, was also prohibited today by the board, effective May 9.

Reason for Action

Beginning ten days from today, the order further provides, no rubber product or compound may be purchased or used for manufacture of glass jar covers for these products.

WPB said the action was necessary to prevent a sharp increase in the use of rubber for jar covers by manufacturers of foods which can no longer be packed in tin cans.

Some items on the list, however, such as coffee, pickles and peanut butter, will not be seriously affected since they can be packed in glass under tops such as those made of wax paper in a metal shell.

The order does not apply to manufacture, sale, delivery or use of rubber closures for sealing glass containers, which will be shipped under provisions of the lend lease act.

The War Today!

By DeWITT MacKENZIE
(Wide World War Analyst)
(Telegraph Special Service)

As we seemingly come to the end of the gallant defense by the men who have been fighting for us from the fox holes on the Bataan peninsula, we can say proudly and with everlasting gratitude that our boys have done a grand job in the face of overwhelming odds. Theirs is a sacrifice which will live forever in the memory of the homeland.

This amazing feat by the little army of Americans and Filipinos amidst the Luzon jungles has played an important part in delaying the Japanese offensive in the southwest Pacific. Indeed, when the final day of reckoning comes it may be found that the operation vitally influenced the outcome of the war with Japan. Certainly it has provided an inspiration for all the allied nations.

So salute to a magnificent lot of fighters!

The unexpected and therefore sensational arrival of American Chief of Staff Marshall and Harry Hopkins in London rather obviously has to do with coordination of the allied effort in the great offensives which already are getting under way and may make this the decisive year of the war.

In view of the lack of specific information it probably is natural that civilian thoughts should turn to the possibility of opening up a new front somewhere in western Europe to support the soviet effort in the titanic struggle which already is under way along the Russian steppes. The hope of such a project is something which burns hot in the hearts of all the allied peoples.

Probably we are justified in believing that something of the sort might develop in due course, but we have no facts which justify us in jumping to conclusions.

Meanwhile, Hitler's spring song of hate is taking hold. Familiar form of his already blood-drenched project for gaining control of the Caucasus and the whole Middle East by a huge princers movement.

The fierce Nazi bombing of the British key naval bases at Malta and Alexandria, and the way in which that wily desert fighter, Bertram Field Marshall Rommel, is feeling out the British lines in Libya, would seem to presage an axis offensive there.

At the same time the Nazis are flinging themselves against the Russian southern flank in a sanguinary effort to get strategically set for another attempt to break the Caucasus.

Hitler's calculation is that the

Brother Pitted Against Brother Over Woman Both Loved, Married

Chicago, April 9.—(AP)—Conceding the problem was "indeed perplexing," Superior Judge Rudolph Desort held under advisement today a case pitting brother against brother over the woman they loved and married.

The principals, Winnifred Elliston, 28, her present husband, Edward Elliston, 28; and his brother and her former spouse, Thoralf Elliston, 31, told this story to the judge yesterday:

The brothers both loved Winnifred, but Thoralf won and he and she were married in 1932. They became the parents of four children.

In the meantime Edward left Chicago and in 1939 when he re-

Effort to Control Hog Prices Stumps Federal Agencies

Officials Facing Most Knotting of Anti-Inflation Problems

Chicago, April 9.—(AP)—Efforts to control wholesale pork prices while purchasing large quantities of pork for lend-lease export appear today to have brought government agencies face-to-face with one of the knottiest problems yet to confront the anti-inflation program.

Aroused by what they termed an equitable situation, representatives of small meat packers convening here have sent a delegation to Washington to see if some changes can be made in wholesale pork ceilings or in Agricultural Marketing Administration buying policies.

Trade circles said smaller packers were caught between rising live hog prices, which are at 16-year peaks, and the frozen wholesale pork price structure.

Farmers' Dreams Now Nightmares

Kansas City, April 9.—(AP)—The wheat farmers' old dream of a bumper crop with quotations well above a dollar a bushel seems about to materialize.

But that rosy dream of a few years ago has turned into just another nightmare.

There's no place in the wheat belt to store the crop. A record carryover of 630,000,000 bushels is taking up all the elevator space, and the railroads, already working overtime to meet wartime demands, can offer little encouragement to grain shippers seeking elevator accommodations elsewhere.

Grainmen from Nebraska, Kansas, Missouri and Oklahoma, meeting in Kansas City yesterday, could offer only one solution—the grower, himself, is just going to have to provide his own storage space for the largest crop in 10 years, a crop expected to equal the amount of the carryover.

Frank A. Theis, member of the joint terminal committee of the Kansas City Grain Market, said that only about 8,000,000 of the listed 53,000,000 bushel elevator capacity of this key center was available. Similar conditions prevail elsewhere.

Five Jap Bomb Hits Sink U. S. Destroyer Peary

Melbourne, April 9.—(AP)—Five direct bomb hits by raiding Japanese planes sank the U. S. destroyer Peary at Darwin Feb. 19 soon after she had arrived at that friendly harbor from the embattled Philippines, one of the 53 survivors said today.

He is Lawrence T. Farley of West Virginia, a 28-year-old water tender who is recovering from burns received in the warship's last fight. Hospitalized with him is Able Seaman Frederick Plummer of Arkansas, who also is convalescing.

Farley said the Peary suffered some casualties at Cavite in the first Japanese attack on that Manila bay naval base, but "hit back hard and sustained little damage."

7 People Die of Heart Attacks Last Night During Los Angeles Blackout

Los Angeles, April 9.—(AP)—Seven persons died of heart attacks and an air raid warden fell off a two-story building as the Los Angeles area blacked out an hour and 51 minutes last night. The blackout was ordered because of the presence in the Los Angeles area of unidentified planes which later were identified as friendly, reported Lieut. Gen. John L. Devitt of the western defense command, at San Francisco.

Axis Endeavors to Incapacitate Malta Reaching New Peaks

Hit Hard From Air as Rommel Advances on Front in Libya

London, April 9.—(AP)—Axis efforts to knock out the British island of Malta with mass raids appeared today to have reached their peak coincident with the resumption of activity in Libya by the forces of German Field Marshal Erwin Rommel.

The German-Italian raids on Malta, staunch bar to axis plans, for domination of the Mediterranean, have been on the increase for 16 days, ever since the last British convoy eluded the Italian fleet and sailed into port on the island.

The city of Valletta and its suburbs were said to show acres of ruins—but still the island forces fought back against the endless shattering bombing assaults.

The Germans subjected Malta to its worst raid of the year Tuesday and were back in mass formations again yesterday for raids on the harbor and air-dromes.

Well posted observers, scanning Malta communiques, said the axis apparently was concentrating on the island's airports and noted with some concern official reports that defending fighter planes were badly outnumbered. They speculated whether this meant some landing fields in Malta already had been made unserviceable or whether the maintenance of the fighter planes had been hampered by the raids.

EUROPEAN WAR
(By The Associated Press)

Britain's desert armies, swiftly countering the threat of a new drive by 125,000 troops under Field Marshal Erwin Rommel, were reported seizing the initiative with attacks on advanced axis positions in North Africa today, while at sea the British reported the sinking of a 10,000-ton Italian cruiser in the central Mediterranean.

Premier Mussolini's high command acknowledged that the British were counter attacking on the Libyan front, but asserted they had been beaten off.

British headquarters at Cairo said that British troops were engaging axis forces at Sidi Breigisch, about 75 miles southwest of

Land Being Cleared

Many of the farm buildings within the area to be used for the construction of buildings, are being removed, fences cleared and within a few days actual building operations are expected to be started. It is expected that all of the sand and gravel to be used in the buildings and road construction will be furnished from lands close to the defense plant area. One large unit is now being erected for the purpose of digging and washing sand and gravel and it is reported that another will be located shortly to start operation. Excellent deposits of sand and gravel have been located south of the reservation, near Green river, which are believed to be capable of furnishing the thousands of yards of material necessary.

ISLANDS BOMBED

Melbourne, April 9.—(AP)—Five Japanese bombers flying at 5,000 feet raided Tulagi, in the Solomon Islands, today and dropped between 30 and 40 bombs. Prime Minister John Curtin announced.

(Tulagi lies almost 500 miles southeast of Japanese-occupied Buika, at the tip of the Solomon chain, across the Coral Sea from Australia.)

QUAKE RECORDED

Bombay, India, April 9.—(AP)—An earthquake of great intensity, apparently centering in the Yellow Sea between Japan and the China coast, was recorded last night at 9:19 p. m. (12:49 p. m. CWT, Wednesday).

The epicenter was calculated to be about 2,160 miles from Bombay near latitude 35 north, longitude 122 east.

BEN L. BERVE

Ben L. Berve of Rochelle is a candidate for re-election as Republican state central committee man from this, the 13th, Congressional district at next Tuesday's election and he certainly deserves to be sent back to the state committee with a big vote of confidence, because it was under the guidance of Mr. Berve, who is also chairman of the state committee, that the affairs of the Republican party in this state came back to such welcome and robust health in the last couple of years. The 13th district has a right to be proud of this Ogle county Republican who lead the party to victory in the last campaign in Illinois and who now is downstate campaign manager for U. S. Senator C. Wayland Brooks in his campaign for re-election.

Mr. Berve was not only of great value as director of the state campaign which resulted in one of the great Republican victories the country over, but he has been important to the administration of Governor Dwight Green which is resulting so successfully. Mr. Berve should be kept at his important post where he will continue to serve the cause of good government.

Increase Tempo of Activities Around Ordnance Factory

Activity in connection with the construction of the Green River ordnance defense plant, south of Dixon, is increasing daily and the J. I. Case Co. building on Depot avenue is now completely occupied by offices and departments. The third floor, which was originally intended for use as a cafeteria for engineers and draftsmen and reports today indicated slight possibility of installing a cafeteria in the building.

At the site south of the city activities are reported to be increasing daily. Major George Underdown, who recently was assigned to the local offices in charge of construction has arrived, succeeding Major J. C. Lowery.

Sees Malfeasance in Magnesite Deal

Washington, April 9.—(AP)—Senator Bunker (D-Nev) charged in a senate address today that an agreement between the Defense Plant Corporation and Basic Magnesium, Inc., of Cleveland, O., for construction of a \$63,000,000 magnesite refinery at Las Vegas, Nev., "is so sinister as to indicate that some officials of our government are guilty of malfeasance."

He demanded an investigation of the Defense Plant Corporation, a subsidiary of the Reconstruction Finance Corporation, and added:

"If the agreement between the Defense Plant Corporation and Basic Magnesium, Inc., represents a cross section of conduct on the part of the Defense Plant Corporation, I can come to only one conclusion: We are tolerating the existence of an agency of the government that is so corrupt that it would make profiteering in the last war look like petit larceny by comparison."

Last week Bunker told the senate that Basic Magnesium, Inc., stood a chance of making a profit of 4,280 per cent in one year on an admitted investment of less than \$50,000.

Previously, the special senate committee, investigating national war projects, reported that hearings it conducted at Bunker's request indicated that Basic Magnesium, Inc., was guilty of "one of the most flagrant attempts at war profiteering."

Deadlock Exists as Republicans Meet in Judicial Convention

Meeting in Oregon May Run Into Night With Three Men in Race

Four candidates split up the vote, with none near a majority, as northern Illinois Republicans assembled today in Oregon to nominate a candidate for Supreme Court justice.

Delegates expressed fear that the deadlock wouldn't be broken before tonight, which would tax the sleeping as well as the eating house facilities of the Ogle county seat.

The winner will oppose Justice Elwyn R. Shaw, Freeport Democrat, in the June 1 election when five of the seven Illinois Supreme Court justices will be chosen. Here in the Sixth district the Republicans have stirred up the only intense contest of the judicial campaigning.

Leading the field, with heavy backing from eastern counties, was William J. Fulton of Sycamore, who has been a circuit judge since 1923 and an Appellate judge for more than a decade. Fulton has 119 and a fraction of the total of 360 1/10 votes.

5 Counties for Stransky

Franklin J. Stransky of Savanna, who has a Chicago law practice and had been circuit judge and Republican state chairman, was supported by delegates from five western counties, including Lee.

Rockford's big bloc of 63 Winnebago county delegates, pledged to Attorney Frank Maynard, was scheduled to caucus before the convention, but there was no sign that there would be a break in the ranks for several ballots.

David Joslyn of Woodstock had 32 McHenry county votes, with the Ogle and Boone county delegations unpledged.

Candidates and delegates had ignored a suggestion that the Republicans support Justice Shaw, who has no opposition in the Democratic convention, scheduled for Saturday here. Shaw was elected in 1933, when the Supreme Court elections were combined with the vote to repeal prohibition. The

Wainwright Force in Bataan Battle Only 36,853 Men

Washington, April 9.—(AP)—Secretary of War Stimson reported today that Lieutenant General Jonathan Wainwright's force on the Philippine's Bataan peninsula numbered 36,853 effective troops when their resistance apparently collapsed.

The secretary indicated at a press conference that the bulk of this force had been either killed or captured.

President Roosevelt has authorized the Philippine commander to make any decision he deemed necessary in the light of events, Stimson said.

Stimson told reporters that latest reports from the Philippines indicated that Corregidor and the other fortifications guarding the entrance to Manila Bay still stood, but declined to make predictions as to how long they would hold out.

"This is only a temporary loss," Stimson said. "We shall not stop until we drive out the invaders from the islands."

In Wednesday's Report

Stimson said the figure of 36,853 effective was in the report received yesterday from General Wainwright. He stressed that this figure included only the men fighting on Bataan at that time.

Excluded were American and Filipino troops guarding the defenses of Corregidor and the other islands, the wounded, nearly 20,000 civilian refugees, and some 6,000 Filipino laborers who were non-combatant.

Stimson disclosed that under the direction of Brigadier General Patrick J. Hurley, former secretary of war who is now minister to New Zealand, urgent efforts were made beginning last January 11 to reinforce the besieged Philippine forces.

From a base in Australia several ship loads of supplies were sent to the Philippines, and part of these supplies reached Corregidor and Bataan.

"But for every ship that arrived, we lost nearly two ships," Stimson said.

Because of these supplies, the defenders were never short of ammunition, the secretary said, but had been on short rations.

Stimson said he saw no reason why resistance by isolated, relatively small forces should not continue in northern Luzon, on the island of Mindanao and elsewhere where blows have been struck, aside from further defense of Corregidor.

Last Word Received

The war department's sober communique stating "the probability that the defenses on Bataan have been overcome" was the latest news the war department had received up to 10:30 a. m., Eastern War Time, today, Stimson said.

Stimson emphasized also that both General Wainwright and General Douglas MacArthur, his pre-

Tearing open the lining of his shabby coat, Carlson took out two crisp \$100 bills and handed them to the sergeant, inquiring, "may I leave now?"

The sergeant said "yes" but reminded him he was to be arraigned in court today on charges of begging.

CHRISTIAN EDUCATION

(Contributed)
It is becoming increasingly evi-
dent that our present approach
to the problem of living is hope-
lessly inadequate. There are
many reasons. Among them are:
First: The complexity of our
present civilization.
Second: The breakdown of our
homes.
Third: The growing material-
istic attitude.
Fourth: The cynical attitude
toward morality.

All of these can be attributed
to the breakdown of character
and the failure to develop char-
acter.

In the past character develop-
ment through religious training
was provided by the family. The
failure of the present day family
to thus train its children has laid
an ever increasing responsibility
upon the church. The church has
heroically attempted to meet this
challenge. However the Sunday
School does not begin to reach
all the children.

The United States Department
of the Interior shows that a ne-
gligible amount of a child's time
comes under the influence of the
church, and that only a small
portion of the children through-
out the country have even a brief
contact with Christian influence.
In Dixon the children who are
reached through the Sunday
school receive the best training
possible under the present pro-
gram which is by no means ad-

equate. The public schools are
recognizing need for character
education and try to provide it.
However, because of the separa-
tion of the church and state in
America, it is impossible for the
public schools to furnish the es-
sential basis for all character
training, namely religion.

In view of these facts, the
churches of Dixon propose to in-
augurate a Week Day School of
Christian Education. Plans are
being made to put the school into
operation with the opening of
school next September. Com-
mittees are now at work prepar-
ing the necessary machinery for
its operation. The community
will be kept informed on all pro-
gress made.

A PERSONAL MESSAGE FROM
THE FOUNDER OF THE
J. C. PENNEY COMPANY:

★ ★ ★

A TREMENDOUS TASK LIES AHEAD OF US!

Today America is at war. Now, in wartime, because of
the tremendous job ahead of us, we must learn again to
work hard and to live simply—to put into the preserv-
ing of America what we once put into the building of
it—to return to the old ways of Thrift and Savings that
were the general rule at the beginning of this century.

We feel that the Penney Company is peculiarly well
equipped to make a substantial contribution toward the
Thrift and Savings of the nation—because the Penney
Co. knows from long experience what thrift is all about.

Thrift is nothing new to the Penney Company—it is our
stock in trade. When the Penney business was founded,
in 1902, hard work, and spartan living were the general
rule. Our first little store in Kemmerer, Wyoming was
dedicated to Thrift, and all through the years, as our
business has grown, Thrift has continued to be our
guiding principle.

THRIFT AND SAVINGS ARE A BIG PART OF THE JOB

The Penney Co.'s practice of Thrift and Savings is
evidenced in everything we do: We buy for cash and
sell for cash; we make no deliveries; we eliminate all
costly frills and extravagances; we operate on an ex-
tremely small margin of profit per transaction; we buy
at the source in the most economical quantities; we save
at every turn! All this means that now when Thrift and
Savings mean more than ever, it will pay you, it will save
precious dollars for you, always to shop first at Penney's.

WE REDEDICATE OURSELVES, TODAY, ON OUR 40th ANNIVERSARY, TO THE SERVICE OF AMERICA

We rededicate ourselves to Thrift and Savings. We re-
dedicate our 1600 stores, which now stretch from coast
to coast, to the great job of helping American families
to continue to live well for less.

THE PENNEY WAY IS THE THRIFTY WAY—THE THRIFTY WAY IS THE AMERICAN WAY!

HOWARD LAHMAN ARNOULD, FORMER DIXON STUDENT, CLAIMS BRIDE IN CHICAGO

Mrs. Charles Danford Steele of Chicago is announcing the wedding of her daughter, Miss Susannah Pauline Steele, to Howard Lahman Arnould, grandson of the Rev. and Mrs. C. W. Lahman of Franklin Grove, solemnized on Easter Monday at the home of the bride's mother. The Rev. Curtis W. Reese, pastor of Abraham Lincoln Center, performed the 5 o'clock ceremony in the presence of about 30 guests.

The bride, who was given in marriage by her uncle, Dr. Henry D. Steele of Princeton, Ill., wore a gown of pale orchid, with a corsage of small white orchids at her shoulder. Mrs. Robert Brumbaugh of New York City, as her sister's matron of honor, chose a beige dress with a shoulder bouquet of crimson carnations. Little Ann Lahman of Kenilworth, flower girl, was dressed in pink dotted swiss.

Charles Hahn of Wisnetka was best man for Mr. Lahman.

A buffet supper was served, following the ceremony.

Mrs. Lahman will be graduated in June from the University of Chicago, where she is majoring in art. She is a member of the Esoteric club.

The bridegroom, a son of Mrs. Charles Edward Arnould of 5455 Everet Avenue, Chicago, formerly resided in Dixon, and attended the grade schools here from 1924-29. He was graduated from the University of Chicago in 1939 and is a Beta Theta Pi fraternity man. For the past two years, he has been with Swift and Company in Chicago, but expects to join the armed forces soon.

FRIENDLY EIGHT

Mrs. Ole Anderson entertained at bunco yesterday afternoon for members of the Friendly Eight club. Sharing honors were Mrs. Roy Randall, Mrs. William Eller, Mrs. Bessie Beckingham, and Mrs. George Iles.

Mrs. Orville Heckman has invited the group to her home for a birthday party in two weeks, honoring Mrs. Anderson's anniversary. The next regular meeting of the club will take place in four weeks.

CAMPUS NOTES

Gail Harms, son of Mr. and Mrs. Paul Harms of Dixon has been initiated into Alpha Gamma Rho fraternity at the University of Illinois. He was graduated from Dixon high school in 1941, and is enrolled in the College of Agriculture, expecting to major in animal husbandry.

Alpha Gamma Rho is the largest social professional agricultural fraternity, having chapters in 31 states, with a total membership of 10,000. Gail's activities on the campus include The Illinois Agri-culturist, student publication of the agricultural school, the Agriculture club, and the Hoof and Horn club.

Mrs. Walgreen Is to Be Speaker for Garden Societies

An illustrated lecture, "Historic Hazelwood", by Mrs. Charles R. Walgreen will be a highlight of the program for the annual meeting of the Garden club of Illinois, scheduled for 2 p. m. Monday at the Palmer House in Chicago. Mrs. Walgreen has compiled a series of kodachrome slides of native flowers in the Walgreen estate, taken all through the season, from earliest spring, through flowering and seeding to winter and the close of the year's cycle of growth.

Work of the past year, and plans for the new one, in the vastly augmented program which wartime has brought to Garden clubs everywhere, will be reviewed at Monday's meeting. Mrs. Joseph M. Cudahy, will make a report on the activities of garden clubs in Red Cross work.

Mrs. O. W. Dynes, past president of the National Council of State Garden clubs, and general chairman of the Chicago Flower show, which has been presented by the Garden Club of Illinois for the past 15 years, will tell of the preliminary work which is being completed at Thornhill Farm, site of the 16th Chicago Flower show, May 14-17. Members of the Flower Show committee are to be guests of honor at the meeting.

At the tea tables, past presidents of the Garden Club of Illinois, Inc. will preside, including Mrs. W. L. Karcher, Mrs. Euclid Snow, Mrs. O. W. Dynes, and Mrs. George Plamondon. Mrs. Warren W. Shoemaker of Winnetka is president of the club this year. All have been frequent visitors at "Hazelwood".

STEAK DINNER

Mr. and Mrs. Amil Vincent of Amboy entertained with a steak dinner on Sunday, honoring Pvt. Raymond Vincent of Selfridge Field, Mich., who has been home on a five-day furlough. Attending were Private Vincent, Mr. and Mrs. Eugene Vincent and family of Sublette, Mr. and Mrs. Harold Bonnell and family of West Brooklyn, and Wilbur Vickery of Mendota.

PICNIC SUPPER

Dr. and Mrs. Warren G. Murray will entertain with a picnic supper Sunday evening in honor of Cal G. Tyler, who leaves next week to enter the service.

Concluding a series of papers concerning China, Old and New, presented during the past few months before members of the Phidian Art club, Mrs. I. B. Hoefler shared a wealth of information concerning "Chinese Women" with the clubwomen on Tuesday afternoon. Mrs. Ben T. Shaw was entertaining at the Loveland Community House.

Mrs. Hoefler explained that things Oriental have always fascinated her, and have been the incentive for extensive reading. For descriptions of Chinese ceremonies, she suggested that her listeners read "Chinese Lanterns"; for beautiful descriptions of nature, "Into China" by Emily Bigland, the first white woman to cross the Burma Road, also "The

OHIO COUPLE IS MARRIED AT RECTORY

Marriage vows of Miss Ann O'Brien, daughter of Mrs. Kathryn O'Brien of Ohio, and Clarence Blaine, son of the Frank Blaines, also of Ohio, were solemnized Monday morning at the rectory of the Catholic church in Ohio. The Rev. Father F. Clancy, the parish pastor, read the vows. The bride's sister and brother, Miss Jo and Walter O'Brien, attended the couple. The bride wore a wheat-colored suit with black and white accessories, and a corsage of gardenias. Her sister was dressed in a powder blue suit with navy accessories, and a shoulder bouquet of gardenias.

A wedding dinner followed an informal reception. Pink and blue flowers decorated the table.

After a brief wedding trip, the couple will be at home on a farm near Ohio.

PAST PRESIDENTS

Tables were placed for contract and 500, when Past Presidents of Baldwin Auxiliary, United Spanish War Veterans, were entertained last evening at the home of Mrs. I. M. Goodwin. Mrs. Lottie Durin won honors in bridge, and Mrs. Dora Heft received the prize in 500.

Summer Round-Up Is Scheduled

Dates for the annual Summer Round-Up were scheduled at a recent meeting of committee members. The Misses Gertrude Wilhelm and Velma Parker are assisting with plans for the project, sponsored by Parent-Teacher Association members for the purpose of providing an opportunity for every boy and girl in Dixon who is to enter first grade in the fall to have all physical defects corrected before September.

Presidents of local Parent-Teacher associations, committee chairmen and members have been discussing the project, which is approved by health organizations of the state, as well as medical and dental associations.

The objective of the Summer Round-Up is to arouse interest of parents in improving the health of children entering school for the first time, and to bring about continuous medical and dental supervision of children of all ages, including those apparently healthy.

The Summer Round-Up of children is based on the conviction that one can make no greater contribution to the school than a pupil physically ready to take full advantage of the opportunities which education has to offer.

The schedule for Dixon children reads as follows: April 13, South Central, Lincoln and St. Mary's; April 15, North Central and Loveland.

Parents or some other adult are asking to accompany the children. Those desiring to have their family physician and dentist conduct the examinations may obtain application blanks from their chairman and return them with the doctor's signature.

Chairmen representing the various schools include: North Central, Mrs. Durward Brader; Lincoln, Mrs. Fred Meinke; South Central, Mrs. Kenneth Seiler; St. Mary's, Mrs. Frank Buckley; Loveland, Mrs. Joseph Villiger, Jr.

NELSON UNIT

Mrs. George Lair, Mrs. E. E. Starrett, and Mrs. Charles Hallquist were co-hostesses at an all-day meeting for Nelson Home Bureau unit Tuesday at Mrs. Lair's home. Mrs. John Moore and Mrs. John Spangler presented the major lesson, "Purchase of Hosiery", and the minor study, "Spring Fashion", was discussed by Mrs. Roy Scholl. Mrs. Carl Janssen is to be the May hostess.

Mrs. David Leer Is New President of P.T.A. Group

Mrs. David Leer was elected president of the South Central Parent-Teacher association at the April meeting of the association yesterday afternoon. Other officers named included: Vice president, Mrs. G. L. Kaufman; secretary, Mrs. Floyd Lynch; treasurer, Miss Mary Williford.

First grade students of Miss Ethel Jamison and Miss Caroline Slothower opened the program with songs, directed by Miss Marion Lawson. B. J. Frazer, Dixon high school principal, was speaker for the afternoon, choosing as his subject, "Eyes on the Future." "As parents," he said, "we educate and discipline our children for the present by standards of the past, in order that they may take their rightful place in the world in the future."

The Rev. Father B. Norman Burke made a brief talk, explaining plans for introduction of week-day religious education in the public schools. Mrs. Norman W. Dietrich, hospitality chairman, and Mrs. Edward Mack, finance chairman, submitted their reports for the year.

Announcement was made of several major projects remaining on the year's calendar, including the South Central Summer Round-up clinic for pre-school children, April 16; immunization for students and pre-school children, to be available early in May; and a cooperative salvage campaign, to take place the week beginning April 27.

Next month's meeting is to be postponed until May 13, and is to take place in the evening, with an exhibit of class room and Scout work as a special feature. Miss Jamison's room won attendance honors yesterday.

CLASS PARTY

Bunco tables awaited the Comrades class of the First Methodist Sunday school last evening, at the home of Audrey Popma. Refreshments were served by Audrey's mother, Mrs. C. G. Popma, to seven girls and the class teacher, Miss Jane Goff. Helen Ford was welcomed as a new member.

A Thought for Today

None of us liveth to himself, and no man dieth to himself.—Romans 14:7.

We are but as the instrument of Heaven. Our work is not design, but destiny.—Owen Meredith.

Conquered?

Two years ago this month Hitler conquered Norway.

Or did he?

Many tides have risen in the fjords since that cold dawn when the Nazis and the Quislings drove their already bloody dagger into the backs of the Norwegians who had escaped World War I and somehow believed they'd miss this one too.

Quisling and Hitler thought it was easy. Americans—still a long way from Pearl Harbor—thought it was a little too easy. The British and French thought they might do something about it, got a handful of troops there in time to start getting them out again.

Well, two years have gone by, and how easy does it look to you today, Vidkun Quisling?

Even with Hitler's best horror merchants backing you up, you have only 32,000 members in your party—just 1 per cent of Norway's population.

The rest of them seek your life. The day Hitler falls you die. Perhaps sooner. Your treason wasn't even smart.

And how are things for you, Hitler? You have stolen everything you could lay hands on. You have slaughtered hundreds who resisted; thrown thousands into concentration camps. You have brought them all misery. But that misery is a puny thing compared to the will for vengeance that will not be denied.

Conquered? Ask Adolf.

Americans: Can you say you are fighting as well as Norway? If you can answer yes, the war is won, for the power is with you.

And Britain? Have you anything but praise for the Norse sailors and ships that bring you oil and weapons and food that you may continue the fight, for the people in Norway who cheer your bombings against their homeland and pray nightly that you will invade?

And France? Norway makes your cringing collaborators look even worse. If your France had resisted as valiantly as Norway, Hitler today would be a lot farther down the road to defeat.

Two years after their tiny army was beaten, the bravery of these tough Norwegians shines like the northern lights, flashing a signal around the world that Hitler can never win. If that sounds

poetic, all right. Poets for centuries will sing of these men, women and children.

Conquered? Why the Norwegians have just begun to fight!

Ship Sinkings Should Stimulate Anger

There is an old story about the bill collector who had an assistant who was sent to particularly tough customers. On one occasion the assistant went to collect a delinquent account from a very pugnacious debtor, and was thrown out bodily.

The assistant returned, reported his adventures and was advised to try again. He tried again, and returned to his boss with a black eye and some missing teeth.

"You go right back there," said the boss, lighting a cigar and putting his feet on the desk. "You barge right into his house and tell that egg he can't intimidate ME!"

This story may be recalled by some Americans when we think about the American seamen who lose their lives when sturdy American ships are sunk. We are sending our ships to collect a debt owed us by the axis. If we merely say "Ho Hum!" when we hear that three more ships are downed, we are taking the attitude of the boss who sent his collector back to the dangerous job.

We can't afford to tell our navy and merchant marine to go right back there unless we, ourselves, are going to do something about it. Not all of us can ship on the merchant marine, and comparatively few of us can join the navy. But every citizen, on reading about another sunken ship, and another toll of lives, can work up a high temperature and give moral, material and financial support to the utmost.

Every ship sunk calls for at least two ships of better design to replace it. Every airplane downed calls for a flock of them to go after the axis. Every man dead calls for resolution that nothing, not even politics, must interfere with total production and full war effort.

The War That Never Ends

No official communique was issued. Headline writers almost passed it up, unnoticed. But America has scored an important victory against a hated enemy, an enemy that has struck even at the President.

The good news comes from Dr. E. C. Rosenow, Mayo Foundation bacteriologist who reports that 25 years of research on the cause of infantile paralysis has been rewarded with the scientific proof that the minute, visible streptococcus germs, not an invisible virus, as commonly accepted, are the causative organism.

The doctor now proposes to use an anti-serum, already perfected, and possible skin tests to detect the disease in its earliest stages. He has practical proof in the use of the anti-serum on 2,000 human patients, with marked mortality reduction.

This major victory, yet to be fully confirmed by subsequent practice, should not go unsung. Infantile paralysis needs no bombing planes, no saboteurs to strike at your own home. The war of science against this enemy goes on, in time of peace and time of war.

Trying to borrow from a close friend often proves he is.

There are a lot of people who can't afford to give others a piece of their mind.

News BEHIND THE NEWS

By PAUL MALLON

(Distributed by King Features Syndicate, Inc., reproduction in whole or in part strictly prohibited.)

Washington, April 8—Talk is getting around town that the government contemplates stricter censorship, but a check-up indicates the present voluntary system is working very well.

The government has only two important matters to complain about. One is that some of the editors let their readers pay too much attention to the axis radio claims.

The government was caught in a rather tight situation when Rome blared forth recently "an unconfirmed rumor in South American shipping circles" that the Queen Mary had been sunk with 10,000 American troops on board.

The Rome radio did not hear this in shipping circles anywhere. It was concocted by the axis propagandists in Rome to find out where the Queen Mary was. They knew Washington did not know where she was, and therefore could not deny the story.

But the rumors involved a matter of such importance that someone in this government might have been sufficiently foolish to try to contact the Queen Mary by radio. Listening nazi subs could thus detect her whereabouts.

If Washington did not try to check the rumor, it would have to let the scare story go unrefuted and thus serve axis purposes. It did that, but no one here liked it.

The Queen Mary was not sunk, of course, but a lot of mothers whose boys in service hadn't been writing home from camps around the country as often as they should, wrote the war department asking if their sons were on the Queen Mary.

Anyone should be able to classify off-hand a rumor from an axis radio, but anxious mothers may be inclined to read hastily and jump to unwarranted conclusions.

It is not likely, however, that Rome, Tokyo, or Berlin will be able to play a trick like that one on us again.

The only other real complaint is being rendered within the government. Some of the allied capitals, particularly London, have been letting out matters of strictly American war business, which we considered secret. They will do so no more.

These are the only realistic objections heard here, and if any government officials are planning stricter censorship, their plans lack the virtue of necessity.

Certain politically inclined officials, worrying about their own prestige or the coming elections, have been complaining about criticism in the press. Much has been made of an off-the-record speech by one government publicist asking how long the administration will tolerate what he called "subversive criticism."

There have been rumors that the MacLeish Office of Facts and Figures would be combined with the Mellett Office of Government Reports, to the elevation of Mellett and the decline of MacLeish.

There have been rumors that an overall government censorship would be established to screw down the life on labor, and the conversational suggestion that every published news story be submitted to censors before publication.

These rumors are not imaginative speculations of persons outside the government, but they may be the result of inter-office competition in the government, and therefore are not necessarily a forerunner of action.

The fact is, however, that as far as military and military secrets is concerned, more censorship is not justified.

The Jap radio is just as bad as Rome and Berlin. The Jap broad-casting have sunk the Lexington three or four times by radio, but not any other way. They "captured" Port Moresby and Akyab last week, and "reduced" Corregidor half a dozen times. The records of all axis stations are clearly and constantly before them. They are not entitled to any consideration. Their job is not to disperse truth, but to go to any lengths necessary to achieve victory over us.

Shrewd judges of sentiment within congress suggest a majority would vote to increase the base-pay week (before over-time) from 40 to 48 hours. However, even some of the strongest critics of labor there are not anxious for action. Certainly congress is doubtful.

But this and related economic issues of prices and wages now seem only to be in a stage of preliminary formation. The Federal Reserve plan to freeze everything except the Capitol dome must be considered in the light of his established position as front runner and try-out advance agent for the administration. Raising base pay in the army has also helped to quiet some critics of the 40-hour week, and delayed action.

The latest tendency, both in the executive and congressional branch, thus seems inclined to wait until the labor shortage develops in the months ahead, or economic necessity arises for drastic economic steps.

Lodges and Patriotic Orders

Sons of the American Legion will hold their regular meeting this evening at the Legion club rooms at 7:30. All members are requested to attend.

Past Presidents—Mrs. Lila Wagner entertained 11 members of the Past Presidents' parley, American Legion auxiliary, Tuesday evening. According to the secretary's report, the parley membership is now 100 per cent.

The group has sent a box of toilet articles to nurses of World War 1 at Norbury, and has also provided greeting cards and treats. Mrs. Clara Traynor explained plans for a salvage campaign.

A group picture was taken of the parley members, and after a brief business meeting, bingo games were played, with everyone receiving a favor.

Mrs. Zildah Kennaugh assisted Mrs. Wagner at the refreshment table. A bouquet of tulips was the center-piece.

The annual spring luncheon of the parley has been announced for Thursday, May 14, with Mrs. Louise Withers as hostess chairman.

Legion Auxiliary—Mrs. Dorothy Wick, district director, Mrs. Roy Murray and Mrs. Ruth Wenzel of Freeport were guests of the American Legion auxiliary last evening. Thirty-two members turned out for the evening's initiatory ritual, conducted for seven new members, Mrs. Harriet Kimbro, Mrs. Dora Woodworth, Mrs. Helen Smith, Mrs. Clara Villiger, Mrs. Marie Biggart, Mrs. Sarah Hasselberg, and Miss Anne Arnold.

Mrs. Wick spoke briefly, suggesting methods by which women can aid in defense. The organization plans to purchase five mobile units, Mrs. Wick stated, to be used for blood plasma transportation. Red Cross doctors and nurses are to have charge of the project.

Mrs. Clara Traynor announced a city-wide Salvage for Victory campaign, which is to open in Dixon, April 27. Rubber, rags, paper, iron and other articles will be collected at the homes by Boy Scouts and school children.

Mrs. William Chiverton contributed to the birthday cake. A gift was presented to Mrs. Wick, and refreshments were served.

Church Societies

W. C. T. U.—"Personal Experiences in South America," where she spent five years as a missionary of the World's Christian Temperance Union was the subject chosen by Mrs. W. S. Farnsworth of Evanston, who addressed members of the local W. C. T. U. Tuesday, at the First Christian church.

Having been a high school teacher and an instructor at teachers' institutes, and with years of residence in Mexico where she studied Spanish and thought habits of this country's Latin American neighbors. Mrs. Farnsworth was well prepared for her task in South America. World organizers had been sent to this country's twin continent more than 30 years before her arrival, and she found her work welcomed by both Protestant and Catholic churches and schools.

Also cooperating were government officials, clergymen, physicians and professors.

Woman's Christian Temperance Union are well established in Brazil, Argentina, Chile, Peru and Uruguay, the speaker said. Many of the wealthiest women of these countries devote more time in social service work than in social life.

Aid Society—Members of the St. James Aid Society held their April meeting recently at the home of Mrs. George Pitzer, Mrs. Ted Pitzer and Mrs. Ralph Lehman were Mrs. Pitzer's co-hostesses.

A scramble luncheon was served at noon for 37 members, guests and children. Easter eggs and rabbits decorated the tables.

Mrs. Bess Miller, the president, conducted the meeting, and Mrs. Breimer was in charge of the devotional service. Mrs. Pitzer was at the piano for group singing, and a flower exchange was a feature of the afternoon.

The May meeting is to be held at the home of Mrs. Anna Cramer.

BRAZIL BOOSTS ARMY

Rio De Janeiro, April 9.—(AP)—To meet "the heavy new duty of the army in the maintenance of public order and national defense," President Getulio Vargas signed a decree last night which may boost Brazil's army from fewer than 100,000 to 1,200,000.

Besides enlarging the army with trained reserves, Brazil—which broke relations with the axis last January—called for voluntary enlistments under the presidential decree.

MAPLE MUSINGS . . . the Boynton-Richards bowlers didn't only retain a two game margin last night on the Classic League but they also grabbed the spotlight by turning in the evening's high team score with a total of 2892 . . . Shucks they also took high team game honors with 1011 . . . Shucks were not far behind in the total scoring honors for they collected a 2887 . . . Schroeder, bowling for Boyntons, lauded himself with individual honors by turning in a series of 619 which was accumulated by games of 230, 232 and 157 . . . Witzleb of the Jay Tavern team bowled a series of 611 with games of 204, 176 and 231 . . . Lessner rolled the evening's high game with a 241 . . . other high individual games were rolled by . . . Poole 210 . . . Daschbach 203 . . . Robert Hoyle 206 . . . Dwyre 215 . . . Hackett 206 . . . Williams 215 . . . Faber 206 . . . J. Smith 201 and 209 . . . Breeding 211 . . . and Gillen 224 . . .

SOLACED . . . the bitter and remorseful feelings which have been gripping Dr. Z. W. Moss of late over the loss of his beautiful cock-pheasant were somewhat alleviated yesterday when one of our more charitable fans on hearing of the good Doctor's plight presented him with a gift of another pheasant to take the place of the tardy one . . . now if more fans follow suit of this excellent example then we're not going to believe the Doctor's story that his prized pet of the rare plumage is any longer missing . . . for it might be a racket . . .

HOOKED AGAIN . . . just like two flies in a spider's web are these guys, Doc Dwyre and Hank Deputy Wilson . . . not long ago these lads challenged Elbert Izzy Fulmer and Ace Hartman to a cribbage match and the latter gave them quite a lacing . . . as a result, Doc and Hank had to buy the chicken dinners Tuesday evening . . . and was Barnum ever right when he said, "there's a sucker born every second" . . . for spiders, Fulmer and Hartman, have got these two flies, Doc and Hank, right where they want them . . . the novice cribbers were rather chipper following their repeat Tuesday evening, even though they had to pay for the consumed fowls and so they remained right in the spiders' web by issuing another foolish challenge to these two past masters of the game . . . then and there they played it off with a 15-game series and the results were 9 and 6 with Doc and Hank suffering acute indigestion . . . so it's still more free chicken for Izzy and Ace . . .

NOT FAIR . . . yesterday we issued Lyle Myers' offering of an eight bit reward for the revelation of the Rashlin's Rushin's true identity . . . well Benny Bremer and Fred Hatch insisted on this department today that it wasn't fair to allow just one guy to offer a reward for such an evasive and abusive character as Risha . . . and that we should auction off the privilege of offering a reward for the "yahoo" . . . and only those who have been victims of the Rushin's are eligible to bid . . .

FROM NEW JERSEY . . . we received word today from Fred Leeper who is stationed in a private air school at Newark . . . Fred states that it might be a little late but he still sends his congratulations and nice going gang to the Dixon Dukes' basketball team for their wonderful showing this season and he wishes a State Championship for them next season . . . Fred is Frankie Leeper's older brother, one of the Dukes' outstanding stars this season . . . Fred is taking a flying course now which when completed will send him to Miami, Florida for officers' training leading to a second lieutenant's commission and wings . . . his address is . . . Private Fred Leeper . . . Air Corps Training Detachment . . . Casey Jones School of Aeronautics . . . 88 Mulberry street . . . Newark, New Jersey . . .

DOIN' FINE . . . that grass seed which Em Rorer took home last Friday instead of the fake Easter grass has been sown . . . Em reports "why, it's doin' fine, and it was even up in time to be used for Easter" . . . we couldn't go him one better so we remained quiet . . .

DAILY PLUG . . . rather chilly to be spadin' ground and sowing seeds but those fresh garden vegetables will be plenty nice later on so let's get busy fans and keep at our V-Gardens.

Cardinals Deemed As Favorites to Win N. L. Pennant

New York, April 9—(AP)—By a 2 to 1 margin, the experts today picked the St. Louis Cardinals to overthrow Brooklyn's Dodgers and win the 1942 National League pennant.

In a surprisingly one-sided vote, 46 of the 74 baseball writers balloting in the annual Associated Press pennant poll tabbed the Cards to finish on top. One other writer, Jim Gould of the St. Louis Post-Dispatch, couldn't make up his mind between the Cards and Cincinnati Reds, and split his ballot.

Only 23 picked the Dodgers to repeat their 1941 triumph in the senior circuit. Four forecast a return of the Reds to the top spot they held in 1939 and '40. No one could see the Cards worse than third, while four writers picked Brooklyn as low as fourth.

Those were the only three clubs drawing ballots for first place and

the voting wound up in that order, with St. Louis piling up 563½ points on a basis of 8 for a first-place vote, 7 for a second, 6 for a third, etc. Brooklyn had 515 and Cincinnati 434½.

BABE RUTH MAKING SLOW PROGRESS FROM CRITICAL CONDITION OF YESTERDAY

Hollywood, April 9—(AP)—Babe Ruth, stricken critically ill yesterday, is improving slowly but still not out of danger.

Ruth's nurse made that report as the former home run king of major league baseball lay wrapped in a heavy jacket because of recurring chills.

Babe, 48, has had a strenuous picture making, war bond selling, military camp entertaining two months here.

Boyntons Still Lead Classic League; Schucks Press Closer

Boyntons Win Two; Shucks Take Three; Williams Hang To Third; Jay's Tavern Team Advances To Fourth in Standings

Schroeder Leads Boynton's with His Night's High Series of 619; Witzleb Paces Jay Team Progress With Eve's Second High Series of 611

The Boynton-Richards bowling team maintained its rule of the Classic Bowling League at the Dixon Recreation last night by winning two games which kept them in first place by two. The Shuck's Grocery team, residing in second place, won three straight which broke their tie with Williams' kегlers and gave them sole possession of second. If Boynton's outfit would have lost three last night the Shuck bowlers could have had a tie for first place. After yesterday the Williams' team is in third place by a one game margin. The Jay's Tavern team by winning two games rolled right by the losing Old Style Lager quintet to take over fourth place in the league standings.

Boynton's lost their first game to the Williams DeSoto last night but came back strong in the second to win and then continued to set up a protective margin on first place by winning the third. Schroeder was high for the Clothiers as he rolled the evening's best series with a 619. Wolfe's season average was used, because of his absence, for the Williams team and was their high count at 543. Shuck's Grocery had little trouble in subduing the Court House team in three straight games. Shuck's team rolled games of 953, 999 and 955 which exemplifies consistent bowling. The Court House team made no serious bid for they didn't get out of the 800 bracket on any one game. Robert Hoyle, lead-off man for the Grocers, rolled a 570 series which led his team's shut-out victory. Hartman was chief point naber for the County lads as he turned in a 487 series.

Jay's Tavern team advanced to fourth place rating in the league standings by winning two out of three from the Wilbur Lumber Co. Witzleb carried the scoring tide honors for the Tavern-men with a high series of 611. Daschbach fronted the Lumber team with his series of 581.

The Old Style Lager bowlers fell out of their first four standing last night when they bowed to a Welch and Brader two-game victory. The Lager-men won the first encounter, the Insurance team took the second in a hotly contested fray by the narrow margin of ten pins and then added the third to their list which gave them a victory. Prewitt was high for the Welch team with a 463 series. M. Miller took the leading honors for the Lager team with a series of 485.

The Beier's Bread bowlers after losing their first game to the Bonded Gas and Oil recuperated to turn back the latter and take a two game triumph. Breeding turned in a n-at 594 series which was high for the match and paced the Bread-boys victory path. Gillen performed the leading ceremonies for the losers with a 548 series.

The Welty Pontiac five just barely nosed the Knack's White Owls out on three different occasions which gave the former a grand slam victory. Faber led the Pontiacs with a series of 559 and J. Smith topped the list for the Owls with 567.

The Family Liquor Store completely shut-out the United Cigars' team. Austin bowled top count for the Family kегlers with a series of 493 and Bondi, the only man of the match to get into the 500 series group, paced the United Cigars team with a 508.

The I. N. U. bowlers started their fray with the Gold Buckle Orange team by winning the first game, then allowing the Orange-men to tie it all up in the second but the third game gave the Utilities a two-game victory. Schertner, absent from the I. N. U. ranks last night, was slated as their high man as his season average was used which stands at 501. Rowland was high for the Gold Buckle Orange team with a series of 491.

Cubs Sad Regret Out of the Past

(Wide World Features)

New York—Quick, now, who were the three players the Cardinals got from the Cubs, along with a bundle of cabbage, for Diz Dean?

You don't remember? Well, you should, for they're still around and ol' Diz has passed out of the game.

It was just four years ago, at the start of the 1938 season, that Phil Wrigley of Chicago gave St. Louis \$185,000 for the Talkative One. And, for ballast, he tossed in Pitchers Curt Davis and Clyde Shoun and Outfielder Tuck Stainback.

Old Diz was no ball of fire for the Cubs, though he drew a sensation's salary. He lasted a couple of seasons, drifted down to Tulsa and out of baseball.

The Cards won that trade, hands down. They kept Shoun and made some dough selling Davis and Stainback. Wrigley, a poor swapper, lost a fortune, Dean and three players he could use now.

Those extra baggage boys of four years ago are on pennant-contending teams now—Shoun with the Cards, Davis with the Dodgers and Stainback with the Yankees.

Davis might well turn out to be the big game winning hurler the Dodgers need to team with Higbe and Wyatt. He won 13 for Brooklyn last season, and he is in better health now. Curt won a dozen games for the Cards in '38, was one of the league's aces with 22 triumphs in '39 and won eight for the Dodgers and Cardinals in 1940. He went to Brooklyn in the Medwick deal.

Shoun developed into one of the league's most successful relief pitchers. In 1940 he pitched more games than any other twirler and won 13. The Cards are counting on him again as a game-saver. Stainback, who has since played with the Phillies, Dodgers, Tigers and a couple of minor league clubs, is back in the Big Show with the Yankees.

Only the manipulations of Hollywood are more unorthodox and stranger than the business deals of baseball. As far as the chewing-gum industry goes, Phil Wrigley is a good business man, but he never has been able to figure out this screwy racket called baseball.

It was Wrigley who practically guaranteed Brooklyn a pennant last year when he sold Bill Herman to the Dodgers. The Dodgers over-looked him last year but if Brooklyn wins the flag again the Flatbush Fusileers should certainly vote a full share of their World Series swag to Wrigley. For the Dodgers are counting on another Wrigley gift to help them win this campaign.

He's Augie Galan. Brooklyn may use him for regular outfield duty.

Sports Roundup

By HUGH FULLERTON, JR.
Wide World Sports Columnist

New York, April 9—The horses start running today at Jamaica and Keeneland; New England opens its season Saturday, the day after Florida closes. . . . Wonder when the fans are supposed to find time to refill their pocketbooks? . . . It's our idea that all sports seasons run too long. There would be more fun and just as many customers if they'd start later and end earlier so the fans could get a breathing spell and get steamed up about each new sport as its season came along.

Today's Guest Star

Jim Reed, Topeka (Kas.) Daily Capital: "Kansas farmers report beef prices the highest since 1928 and it wouldn't be surprising to see a new record set this fall for the price of football 'beef'."

Sportpourri

After the Augusta Masters' golf tourney, Craig Wood, the National Open champion, and Ben Hogan, the top money winner, will play a series of matches for the "unofficial world championship" and a wad of cash for war relief. . . . Looks as if Hogan had better win the Masters. . . . Alsab may race in Toronto during the Woodbine Park meeting in May if a date can be arranged that won't conflict with any of his stakes engagements.

Only three players on the Indians' squad, Red Embree, Steve Gromek and Jim Hegan, are younger than Manager Lou Boudreau—and all three may be farmed out before the season starts. . . . Blackout Notes: Crooner Bing Crosby, who owns a race track in California, has eight horses at Churchill Downs and plans to move on to Detroit for the summer racing. . . . Whit Wyatt didn't waste all that time he was holding out. He practiced throwing a knuckle ball and may be able to use it this season.

Figure It Out

Latest interpretation of the California boxing rules, sent out by chief inspector Willie Ritchie: If a fighter who is well in front in a fight sustains a cut and is unable to continue he will get credit for winning. If the guy who is hurt is behind at the time, the match is called no contest. Old ruling was that if the guy who was winning got cut they called it a technical draw.

S. (Bill) Blackwell, Morrison Field, West Palm Beach, Florida. He was promoted from private first class to the rank of Corporal March 11 and in nine more days, on March 20, to that of staff sergeant and that is what he has been waiting for since he enlisted in the army. He considers West Palm Beach and Palm Beach two of the most wonderful cities in the South. The people in these are most hospitable to the soldiers, inviting them to dinners in their homes and taking them on sightseeing trips. He enjoys seeing the palm trees and going to the coconut groves and appreciates the superior flavor of coconuts, oranges and grapefruit when picked and eaten where they grow. He planned to spend Easter Sunday deep-sea fishing in the Atlantic ocean. They have many other sports, too, including basketball, track, baseball, softball and quite a bit of others. The army played the Rochester Red Wings in an exhibition game recently and were beaten by only one run which the Red Wings got in the last half of the ninth inning. Bill is playing third base on the team. The Rochester nine were there for spring training. The army basketball team went down to Miami and played in the state basketball tournament and won it, so they came back to Morrison Field, feeling mighty good. Bill has many friends here who will be glad to hear of his promotions and that he is getting along so well in the army. He would appreciate cards and letters and his address is Staff Sergeant M. S. Blackwell, Hq. and Hq. Sq., A. C. T. S., Morrison Field, West Palm Beach, Florida.

Court Rules Owner of Building Must Become Unionist to Keep Fire

Chicago, April 9—(AP)—The Illinois Appellate court has upheld the right of a janitors' union to picket an apartment building where one of the owners chooses to do janitor work and refuses to join the union.

A ruling handed down yesterday reversed a Circuit court order for a temporary injunction restraining the Chicago Flat Janitors Union from picketing the 49 Apartment Buildings or harassing John Naprawa, who shares ownership with his wife and tends the furnace.

Seeks Injunction to Prevent Distribution of Candidate's Ballots

Chicago, April 9—(AP)—A Republican congressional candidate sought an injunction in Circuit court yesterday to restrain a number of GOP party officials, candidates and organizations from circulating candidates' sample ballots in the tenth district, charging that it was illegal.

The suit, which court officials believed was the first of its kind

filed here, was entered by James M. Crome, a Chicago attorney, who said he would take the case to a higher court if the injunction were denied.

The petition claimed such ballots tended to deceive voters because they contained an "X" before names of certain candidates.

Among defendants named were George A. Paddock and former Congressman Ralph E. Church of Evanston, contesting with Crome for the nomination; John T. Dempsey, chairman of the Cook county GOP central committee, and William C. Scherwat, chairman of the party's national organization.

RELEASE FLOW OF LIVER BILE

To be normal your liver should produce about a full quart of digestion-aiding juices every day. A scanty flow—slowing up, may mean Sick Headaches, so-called Biliousness, Poor Digestion with that half-sick, sour feeling.

Snap out of it—you can, with a gentle excitant. Get a bottle of Kruschen Salts tonight; start right in tomorrow morning and take half a teaspoonful in a glass of water (hot or cold) half an hour before breakfast and keep it up for 30 days. Now you'll know what it is to get up feeling fit and ready for a real day's work. Try Kruschen—a famous English formula—see what it means to you when bile flows freely. 6

ways to save money with your Gas Range!

MANY people these days are seeking new methods of saving money. The most satisfactory savings plan, they find, is the one that systematically cuts down expense without cutting down benefits.

Here are 6 proved ways of cutting down cooking expense on your gas range—while the nutritive value of your meals is actually improved. For instance, "waterless cooking," made possible by the correct use of your gas range, keeps the vitamins and minerals you pay for in the food, where they belong.

Tear this out of your paper—post it near your gas range—and you'll soon note the effect of the savings, both in money and in nutritious meals!

BUY BONDS AND STAMPS FOR VICTORY

- 1 Don't waste fuel. After a liquid has started to boil, you can save by turning the gas down to "simmer heat" without lowering the temperature of the liquid.
- 2 Plan economical "oven meals" at least twice a week. Cook an entire dinner in the oven—you'll find menus in many cooking columns and cook books.
- 3 Don't let burners get clogged up. If something boils over, be sure to clean the burner before using it again—otherwise, it may not operate efficiently.
- 4 Once a week serve a cheaper cut of meat, roasted at low temperature to save fuel and prevent shrinkage. Cook vegetables in a minimum amount of water.
- 5 Use tight-covered pans with straight sides. This conserves heat, saves gas, provides "waterless cooking," which retains natural vitamins in food.
- 6 Use your gas range for canning and preserving during seasons when certain foods are cheap . . . or for saving foods right from your garden.

WHY NOT CABBAGE?

In these days of soaring prices, cabbage is one of the few foods that is happily reported lower in cost than at this season last year.

Again comes the timely reminder that cabbage is a wonderful source of vitamin C. Cabbage has been treated as sort of a poor relation for years. Often it has been served only when the budget would not stand for more expensive vegetables. Many balk at eating it because of digestive up-heavals; however this difficulty frequently may be traced to over-cooking. When fresh, shredded cabbage is cooked rapidly in a minimum of water, there should be no after-eating distress. Serve immediately, with plenty of melted butter.

To retain all the valuable vitamin riches, store cabbage in a cool place. Remove at once from paper bag; store it in crisper pan or in a vegetable bag in the refrigerator. Cut cabbage oxidizes quickly; cover the cut surface with waxed paper and use within 24 hours.

Escalloped Cabbage

1 tablespoon butter
1 teaspoon salt
1/2 cup cream
5 cups shredded cabbage
1 cup battered crumbs
1 tablespoon flour
1/2 teaspoon pepper
1/2 cup liquor from cabbage
1/2 cup water

Cook cabbage in the 1/2 cup water until partly done. Make a white sauce of the butter, flour, salt and pepper, cream and the 1/2 cup liquor from cabbage. Combine sauce and cabbage and pour into buttered casserole. Top with battered crumbs. Preheat oven. Bake 20 to 25 minutes in moderately hot oven 425 degrees F.

any of the business sessions. There will also be an extensive "book nook" in the foyer of the building.

Meals will be served in the Memorial Building at popular prices. Rev. H. R. Zager, pastor of the Evangelical church, states that this undertaking is made possible to Ashton, only through the hearty co-operation of all of the church groups, the school board, trustees of the Memorial Building, and business men of the community. At present 225 delegates are assigned to homes for lodging, and, in many cases, for breakfast as well. Rev. Zager states "this is a community cooperation of a high order and points the way to a better world community, which we shall reach when we shall have learned the 'Way of Life', and Walked That Way."

The evening sessions, especially, will be of general interest. The Tuesday evening session which will precede the conference sessions will be held in the Evangelical church. Rev. W. C. Harr is to be the speaker and was a popular speaker at the conference a year ago. The high school mixed chorus under the direction of C. H. O'May will sing.

On Wednesday the conference proper will open at the Mills & Petrie Memorial building. Because of the coming merger between the Evangelical church and the United Brethren in Christ a fraternal evening is planned. The Ashton Civic club will furnish special music.

Community Chorus to Sing
On Thursday Dr. Jesse Bader of the Federal Council of Churches is the guest speaker. This service should practically fill the Memorial building. The community chorus will sing.

On Friday two reports are scheduled for the business session. One report will be on the North Central college at Naperville. This should prove interesting to show what goes on at an annual conference session. It is not so inspirational as the other three nights will be. Saturday is for miscellaneous reports and business.

Day sessions will open with the Communion service on Wednesday, April 15th at 1:30. Everyone may attend, but because the service will be held in the Evangelical church and because 175 delegates are expected it is to be seen that the church cannot seat many from the community, in addition to the delegates. The main sanctuary will be reserved for the delegates.

Programs Soon Available
Morning conference sessions will start at 9 o'clock and afternoon sessions at 2 o'clock with committee meetings preceding. Of special interest will be the address of Dr. Bader at 4 p. m. Thursday. Detailed programs will soon be available for posting in each church.

Conference Sunday is always a big day with hundreds of people attending from Evangelical churches in northern Illinois. At 10 o'clock the ordination service by Bishop George E. Epp is the feature. In the afternoon at 2 o'clock the ordination address will be given by Dr. W. L. Bollman, and the stationing of the preachers climaxes and ends the session. Special music will be presented at each service.

Sessions in Memorial Building
All sessions, except the Tuesday and Wednesday 1:30 meetings, will be held in the Mills & Petrie Memorial building. Delegates will be in the main floor, leaving the balcony seats as a visitor's gallery. Visitors are free to attend.

AMAZING DISCOVERY

Foods fried the Spry way
actually as digestible as
if baked or boiled!

EXTRA DELICIOUS, TOO

NO CRISP and delicate-tasting. For purer Spry lets you get the FULL, rich, natural flavor of foods instead of dulling it as ordinary shortenings may. Enjoy these wonderful Spry-fried foods today and every day. For remember, they're easy to digest, so digestible even a child can eat them!

TRY THESE CRISPY **CORN AND HAM FRITTERS**
fried the digestible Spry way!

Remember
You can fry with Spry
over and over—that's
REAL economy

1 cup sifted flour
1 1/2 teaspoons baking powder
2 tablespoons sugar
1 1/2 teaspoons salt
1 tablespoon Spry
1 egg, beaten
1/2 cup milk
1 cup canned whole corn kernels, drained
1 cup cooked ham, cubed

Sift flour with baking powder, sugar and salt. Cut in Spry. Combine egg and milk and add to flour mixture. Add corn and ham and mix. Drop by tablespoons into deep hot Spry (375° F.) and fry about 4 minutes or until brown. Drain on absorbent paper. Serves 6.

Notice their thin, delicate golden crust—their FULL savory flavor. Notice, too, how much pleasanter Spry is to fry with. For Spry's purer and doesn't smoke at correct frying temperature. So remember, don't trust for Spry to smoke before starting to fry!

Whatever one's preference may be when it comes to attending and reading plays, each season there is almost certain to be a particularly outstanding hit, but according to Miss Mary McColl in her review at the April meeting of the Mount Morris Woman's club, this year proved an exception. Although she could recommend none as most outstanding, in brief summaries of five of the better ones she delighted her audience with her comments on those she had chosen.

Definitely interesting to women, Rose Franken's "Claudia," which concerns the early tribulations of a young couple, was briefly reviewed, and this was followed by George Bernard Shaw's "The Doctor's Dilemma," in which Miss McColl had seen Katherine Cornell in the leading role. This was written by Shaw in 1906 as an answer to a challenge by a contemporary writer daring him to portray death dramatically.

Miss McColl considered Emylin Williams' "The Corn is Green," starring Ethel Barrymore, a dignified portrayal of the teacher-pupil relationship. Since Williams himself was a Welsh miner it is autobiographical in nature.

"Candles in the Wind" by Maxwell Anderson with Helen Hayes as a young American actress deals with the problem of basic human loyalty when threatened by the Nazi menace and is a love story with an unresolved outcome according to the review.

Noel Coward's "Blithe Spirit" which is said to be his best comedy was written in six days' time and its frivolity was designed to afford light entertainment. It is based on the fanciful tale of the return of the spirit of a man's first wife to haunt him and to make his second wife jealous and from all reports has many clever scenes.

In concluding Miss McColl announced that "Claudia," "Watch on the Rhine," and "Candles in the Wind," will be on the stage in Rockford this spring.

As guest of the club for the evening, Mrs. D. D. Thompson, Compton, who is thirteenth district chairman, briefly covered the highlights of the district convention which is to be held at Rock Falls on Thursday, April 16. During the business session Mrs. Etta Rittenhouse and Mrs. Harold Hoff were selected as delegates, and Mrs. Jay Cratty and Miss Jane Wingard will serve as alternates. Mrs. Carroll Boston, president; Mrs. Elmer Paul, junior sponsor, and Mrs. John Blackley,

district Indian Welfare chairman, will also attend the all-day meeting. This will be climaxed with a 7 p. m. banquet to be followed by a program planned by the juniors. On this program Mrs. Delbert Schell of the Mount Morris Junior Woman's club will sing a contralto solo.

Mrs. Thompson also mentioned that the Illinois Federation of Women's clubs, is the only one in the United States that has issued a booklet concerning defense work for its members to follow. She was accompanied to Mount Morris by Mrs. Paul Yoe, Byron, who is thirteenth district radio chairman.

Other business transacted at the meeting was the vote of the members to present two trees to the village, to be planted on Kabie Square to replace several which have been cut down recently. This will be taken care of Mrs. T. J. Wilson, conservation chairman.

Mrs. Boston announced that the grade school manual training department has completed most of its work on the first aid equipment which the club has purchased for public use. The two stretchers will be housed permanently in the fire station so they will be easily accessible. All doctors will be notified where to find the other equipment in the grade school building.

As chairman of the nominating committee, Mrs. Gerald Powers presented the slate of nominees who will be voted upon at the May meeting. Besides the annual election of officers and convention reports, tentative plans have been made to hold this meeting at the White Pines lodge. It is probable that dinner will precede the regular meeting and that Mrs. Alice Hills, naturalist, who is stationed at the Pines will address the club.

The new president who is elected in May will represent the club as its official delegate at the state convention which will be held May 11-14 at Hotel Sherman in Chicago.

Failure to Vote at Primary Fifth Column Work, Says Ben Berve

Ben L. Berve, chairman of the Republican state central committee, asserted last night that "failure to vote the primary on Tuesday is fifth column work worthy of the highest praise from the axis powers".

In a statement issued from his home in Rochelle, Berve declared: "Germany, Japan and Italy with their dictators have declared that the United States cannot fight or win her war due to the lack of interest our people take in the aims and needs of our government. Hitler and his gang will broadcast to their enslaved people that the free men and women of America no longer desire the ballot".

Thirteen Movie Ad Agencies Are Sued

Philadelphia, April 9—(AP)—Thirteen motion picture advertising companies filed a \$72,040 damage suit in U. S. District court yesterday against the National Screen Service Corporation of New York City, charging violation of the Clayton anti-trust act.

One of the plaintiffs was Morris J. Lipp, trading as Mid-West Poster Exchange, operating in Illinois, Indiana and Michigan.

The suit accused the corporation of attempting to monopolize the distribution of lithographs and other advertising materials for the movie industry.

Class I railroads on February 1 had 68,070 new freight cars on order, the largest number on record. On the same date in 1941, there were 41,600 on order.
